Miners and Operators.

A Joint Convention Meet in
Columbus, O.

AN ORANIZATION EFFECTED.

A Scale of Prices and Other Important
Measures to Be Considered—The
Miners of the United States Now More
Thoroughly Organized Than Ever Be-
fore—One Hundred Thousand Repre-
sented at the Convention.

COLUMBUS, O., April 16.—The joint
convention of the miners of Ohio con-
tinued in session yesterday. A special
committee on credentials reported that
on the question of districts the secretary
called the roll, and that each delegate as
his name is called announce the vote of
his men for or against one or five, and
that any question as to the number of
votes a delegate is entitled to who did
not comply with the circular to be de-
cided by the convention without debate,
after two delegates speak on the ques-
tion. As a result of the call the vote
stood: For one organization, 3,831; for five
districts, 1,181; total, 5,012. The vote
was made unanimous for one state or-
ganization.

The following committee on constitu-
tion was appointed: Messrs. Cameron
Miller, of Massillon; John Nugent, of
New Straitsville; Thomas Thomas, of
Palmyra; Michael Collins, of Glouster;
John Campbell, of Shermansville; Sew-
ard Davis, of Osnaburg; John Horn, of
Shawnee.

These committees were appointed:
Resolutions—H. W. Dozier, P. Mc-
Donough, C. D. Armstrong, Joshua
Thomas and James Condit.
Grievances—P. O. Mulvey, S. T. Croyle,
John Tyrrell, R. J. Jones and L. M.
Beatty.

The report of the committee on con-
stitution was called for and adopted by
sections. It provides as follows:

Article 1, Section 1. This organization
shall be known as District 6 of the
United Mine Workers of America.

Section 2. The objects of this union
are to unite the mine employes of Ohio
and ameliorate their condition by
methods of conciliation, arbitration or
strikes.

Section 3. This union shall have ju-
risdiction over all locals the National Pro-
gressive union and local assemblies of
National District Assembly 135, Knights
of Labor, in the district.

In Lynden hall in the morning none
of the mine operators were present and
the miners, of whom there were a large
number, held a secret caucus, and re-
porters were not admitted. President
John B. Rae, of the United Mine work-
ers, was the presiding officer, with Sec-
retary-Treasurer Watchorn as secretary.
The caucus was for the purpose of fixing
a scale of prices to be presented to the
operators for their approval on the joint
convention, also to fix the number of
hours' work per day, etc.

Later it was learned that the caucus
did not adopt a scale to be insisted upon,
but that the scales adopted at the Na-
tional convention in Columbus, in Janu-
ary last, would be presented to the op-
erators and their adoption demanded.
There was a lengthy discussion and ex-
change of views. The matter of eight
hours as a day's labor, which was en-
dorsed at the January convention for
May 1 next, was brought up, but no
action as to whether it would be insisted
upon or not. The caucus adjourned at
noon to reassemble at 2 o'clock to meet
the operators.

The mine operators also held a caucus
in the morning. The meeting was held
in the Neil house. There were about
fifty or sixty operators present from
Ohio and Pennsylvania, and only one
from Illinois. Indiana was not repre-
sented. The policy of the operators on
the scale question was discussed, but no
action taken. A committee of four was
appointed from each state to vote on the
joint convention and represent the re-
maining operators. This will make the
vote of the operators in the convention
eight, as only Ohio and Pennsylvania
are represented, the Illinois operator say-
ing he would take no part in the con-
vention.

A committee of four was appointed to
call on the miners at Lynden hall and fix
the time for the joint meeting, and it
was fixed at 2 p. m.

The joint meeting of the miners of the
United Mine Workers of America and
operators was called to order in the
afternoon at 2:45 o'clock by A. Demp-
ster, of Pittsburg, P. M. B. D., acting
as secretary for the purpose of reviving
the competitive district and agreeing
upon the scale of wages. The operators,
about sixty-six in all, were in the hall.
At the caucus in the morning at the
Neil house it was decided that all would
attend the convention, but that the vot-
ing should be left to a committee of
eight, composed of the following: For
Ohio, Townsend, Morton, Chapman and
Job; Pennsylvania, Messrs. Dempster,
Robbins, Patterson and Andrews.

The chairman stated the object of the
convention. Miners representing the
states of Ohio, Indiana, Illinois, Penn-
sylvania and West Virginia were pre-
sent. The letters from Indiana and Il-
linois operators, saying that they would
not attend the convention, were read.
After reading the letters, Mr. Dempster
said that in the absence of those op-
erators, let common sense and prudence
govern all your actions.

A committee on credentials was ap-
pointed as follows: For miners—Illinois,
William Seale; Indiana, J. H. Kennedy;
Ohio, Ebenezer Lewis; Pennsylvania,
William Smith; West Virginia Jeremiah
Meal. Operators—Ohio, Capt. Doty;
Pennsylvania, Mr. Hall. The committee
then retired for deliberation.

The following scale committee was
appointed: Miners—Ohio, Thomas Rat-
chford and Edward Thomas; Pennsylv-
ania, Abraham Winders and William
Barker. Operators—Ohio, Oscar Thom-

son and J. S. Morton; Pennsylvania,
L. Schludenberg and J. M. Risher.

A. Dempster, of Pittsburg, was elected
permanent chairman; Patrick McBride
and J. M. Hall secretaries, and Robert
Watchorn and Frank Brooks assistants.

The scale committee invited the Indi-
ana, Illinois and West Virginia miners
to have representatives on the commit-
tee, and these were appointed: West
Virginia, J. W. Kirk and Jeremiah
Meade; Indiana, John Kane and James
Anderson; Illinois, Samuel Skelton and
James Harrison.

The convention then adjourned for the
day.

One of the high officials of the United
Mine Workers of America was seen and
asked concerning the proposed scale.
The reporter said: "Only the operators
of Ohio and Pennsylvania are repre-
sented in the joint convention of mine
and mine operators. What if they
should agree to pay the scale of prices
proposed by the miners, and the Indiana
and Illinois operators not being repre-
sented refused to adopt it? would there
be a strike?"

"There would," he replied, "unless
the Ohio and Pennsylvania operators
should adopt the scale, force the Indiana
and Illinois operators to adopt the same
scale. We would all refuse to return to
work in the mines until our terms are
conceded by all. It would be the largest
strike ever known. We will have no
more of this piecemeal business. They
will have to either accept it all around
or not at all."

The officials stated further, to show
the strength of the miners, that there
are 147 delegates in the convention, rep-
resenting fully 100,000 organized miners,
in the United States. The organization,
the United Mine Workers, is in an ex-
cellent shape for a conflict. Nineteen
weeks ago the Punxsawawney Coal
company declared its determination to
crush out the union of miners, when
they went on a strike at that time, and
set \$2,000,000 to do the work. World
was received yesterday that that com-
pany was compelled to go to the wall
Monday, and sold out entirely to the
Belle, Lewis & Yates company. The
failure of the company shows the
strength of the miners.

Died For His Children.

ST. LOUIS, April 16.—A police officer
found the body of a man swinging by
the neck in O'Fallon park yesterday
morning. It was afterward identified
as that of Henry Borek, an old engineer,
who had been out of work for about
five months. He was a member of Lin-
coln lodge, Knights of Honor, in which
his life was insured for \$5,000. It trans-
pired at the inquest that Borek had com-
mitted suicide in order that his children
might receive the \$5,000 insurance on
his life. He was afraid that if he lived
much longer he would be unable to keep
up with his assessments. He, therefore,
to save his children from starvation,
committed suicide.

A Sixty Day Rest.

FLEMINGSBURG, Ky., April 16.—Yester-
day afternoon between Cowan station
and Pleasant valley, in this county,
on the Kentucky Central railroad, Ex-
press Messenger Tiley and Baggage-
master Taylor got to scuffling going
twenty-five miles an hour and rolled out
of the car door. At the first big town
the train came to they were missed.
Robbery and murder were suspected,
and the wires were made red hot in all
directions, and posses were arming in
four or five points to run down the rob-
bers. The most serious injury they re-
ceived was a red-hot reprimand and a
sixty day lay off.

A Heartless Undertaker.

LAPORTE, Ind., April 16.—A sad and
horrifying accident occurred yesterday
at the funeral of Mrs. Mary Jensen, near
this city. A blundering undertaker
allowed the coffin to fall into the open
grave during the interment, breaking
the glass front of the casket and letting
the corpse fall out into the bottom of
the grave. Several of the mourners faint-
ed, but the undertaker jumped into the ex-
cavation, pushed the body back into its
receptacle and ordered the grave digger
to fill in the dirt. There is great indig-
nation among those who saw the affair.

A Horrible Crime.

NEW ORLEANS, April 16.—The Picay-
une's Jackson, Miss., special says: Gov-
ernor Stone has been notified of a horri-
ble murder in Lawrence county, thirty
miles from this city. The stable of
Jerry Bass, colored, was set on fire by
unknown parties, and when Bass and
his son Charles came out of the house to
extinguish the flames they were fired on
in the darkness. The boy was killed and
Bass badly wounded. Their dwelling
house was then burned.

War Department to the Rescue.

WASHINGTON, April 16.—Orders have
been sent from the war department to
Gen. Rager to render whatever assist-
ance is necessary to Agent Upshaw at
Tongue River agency, Mont., in sup-
pressing the threatened outbreak of
Northern Cheyenne Indians. The war
department has no information as to the
threatened outbreak other than that con-
tained in the dispatches which the in-
terior department has forwarded to it.

A Mine on Fire.

ASHLAND, Pa., April 16.—The fire
which was discovered yesterday in the
culm banks of the Big Run colliery is
still raging fiercely, but as yet has not
reached the mine, and the officials are
making surveys to ascertain if the North
Ashland creek can be turned on the fire
to prevent it spreading. The bottom of
the bank is a scorching mass, and it will
require the removal of many tons of
culm before the fire can be reached.

A Fatal Hunting Accident.

TOLEDO, O., April 16.—Harry Van
Aiken and Louis Alexander, two well
known young men of this city, started
on a hunting expedition yesterday, and
in the evening started from Point Place
to Odeon pond in a small duck boat.
They were caught in a snarl, and the
boat capsized. Van Aiken was drowned
and Alexander reached shore in an ex-
hausted condition.

NAVAL APPROPRIATION BILL.

It is Taken Up by the House and Passed.
The Jurisdiction of United States
Courts Regulated—The Montana Elec-
tion Cases Dismissed in the Senate.

WASHINGTON, April 16.—The house
yesterday passed the naval appropria-
tion bill, and the bill to regulate the
jurisdiction of United States courts.

Mr. Boutelle recalled up the naval ap-
propriation bill, and the house, after re-
jecting the amendment of the commit-
tee of the whole striking out the three
coast line battle ships, passed the bill.

Mr. Cannon, of Illinois, from the com-
mittee on rules reported a resolution for
the immediate consideration of a bill to
define and regulate the jurisdiction of
United States courts. The previous
question was ordered—yeas 113, nays
101.

Mr. Carlisle moved to recommit the
resolution with the instruction to report
back with a provision for two days' de-
bate. The motion was lost and resolution
was adopted, yeas 118, nays 99.

After a short discussion Mr. Mills, of
Texas, offered an amendment providing
that of the additional circuit judges,
seventeen in number, one-half shall be
appointed from each of the political
parties. Lost—yeas 94, nays 119. The
bill was then passed—yeas 131, nays 13,
the speaker counting a quorum.

The bill withdraws all original ju-
risdiction now vested in the circuit courts
of the United States, and vests the same
exclusively in the district courts of the
United States; and also provides that
the circuit courts of the United States
shall exercise such jurisdiction by writ
of error and appeal as they have and
exercise under existing laws. The cir-
cuit court is made an appellate court
exclusively, except that it has the power
to issue all remedial process.

The circuit courts are to consist of
the present circuit judge and two others,
to be appointed in each circuit by the pres-
ident, by and with the advice and con-
sent of the senate.

It requires three judges to constitute
a quorum, and in case either of the judges
is absent at any term the senior circuit
judge of the circuit may require a dis-
trict judge of the circuit to sit in his
stead for the time being; but there must
always be one circuit judge present, and
no circuit or district judge before whom
a case was tried in the district court
can sit in the same case in the circuit
court.

The circuit courts are to be courts of
record.

The terms of the circuit court are to
be held at the following places: First
circuit, Boston; Second circuit, New
York; Third circuit, Philadelphia;
Fourth circuit, Richmond, Va.; Fifth
circuit, New Orleans; Sixth circuit, Cin-
cinnati; Seventh circuit, Chicago; Eighth
circuit, St. Louis; Ninth circuit, San
Francisco.

Writs of error in proper cases and in
all cases, appeals may be had from the
district to the circuit courts, both at law
and in equity, and in cases of admiralty
and maritime jurisdiction, within six
months after the entry of the final
judgment or decree in the district
courts.

The circuit courts shall have original
jurisdiction to issue certain remedial
writs and to establish rules of practice
not inconsistent with those of the su-
preme court.

A writ of error from the circuit court
or an appeal to the circuit court may be
had in all criminal cases wherein the
circuit court may now exercise jurisdic-
tion by writ of error; and, pending ap-
peals of writs of error, judgments of the
district court in all criminal cases are
stayed until the case is finally deter-
mined by the appellate court.

Civil causes, now removable from
state courts into the circuit courts of the
United States, may be removed into the
district court of the United States in the
territorial jurisdiction of which they
were commenced.

Circuit courts are given appellate ju-
risdiction, by writ of error or appeal, to
review the judgments and decrees of the
supreme courts of the several territories
for the review of judgments and decrees
of the district courts.

The circuit courts are to have final
and conclusive jurisdiction on appeal or
writ of error in all cases in which jurisdic-
tion is acquired by the district courts
by reason of the citizenship of the parties
only and in which no question arises
under the constitution, laws, or treaties
of the United States, but questions arising
in this class of cases of a novel, difficult
or important character may be certified
to the supreme court for determination
in the discretion of any two of the cir-
cuit judges trying the case.

The house then at 6 p. m. adjourned.

Senate Proceedings.

WASHINGTON, April 16.—The senate
yesterday continued the debate in the
Montana election cases, and agreed to
take a vote on them not later than 5
p. m. Wednesday. The senate passed a
resolution calling on the secretary of the
interior for the report of Jesse Spauld-
ing, government director of the Pacific
railways, as to the general management
of the Pacific railways; also a resolution
calling on the secretary of the treasury
for information as to whether China-
men permitted to pass through the
United States have failed to leave the
United States under the terms of their
admission in transit.

House bill increasing the limit of cost
for the post-office building and site at
Scranton, Pa., to \$250,000 was passed.
Mr. Hawley gave notice that he would
try and call up the world's fair bill on
Friday.

The Montana election case was then
taken up, and Mr. Morgan and Mr.

Daniels addressed the senate on the sub-
ject.

Without concluding his speech, Mr.
Daniels yielded for a motion to adjourn,
and after an agreement that the vote on
the Montana question would be taken
up at 5 p. m. Wednesday, or earlier if
the senate should be ready, the senate,
at 5:50 p. m., adjourned.

the dyeing department of the Lister

ing to thousands of pounds. It is ex-
pected that others will be arrested for

FIDELITY COMPROMISE.

The Directors of the Wrecked Bank Will
Pay \$450,000 Instead of \$3,000,000.

CINCINNATI, April 16.—The wreck of
the old Fidelity bank in this city several
years ago, for which E. L. Harper is
now serving a term in the Ohio peniten-
tiary at Columbus, was recalled yester-
day by a court decision. The com-
promise in the suit of Receiver Ar-
mstrong against the directors of the Fide-
lity bank was approved in the United
States court by Judge Sage. District
Attorney Herron read the papers in the
case, and then protests were entered by
the attorneys of several of the stock-
holders.

Judge Sage, after discussing the history
of the compromise, said: "In a case of
such magnitude as this I would
be very slow in deciding against a com-
promise approved by the officers who
have the proper supervision of the busi-
ness. The suit was brought for \$3,000,-
000 originally. The sum offered in com-
promise, \$450,000. These are large sums
and we decided that if no good reason
was offered against the petition we
would approve it. No such reason has
been offered in the court, and since the
receiver of the bank and the comptroller
have approved the compromise, we will
order the clerk to make an entry of ap-
proval."

The \$450,000 is divided as follows:
Briggs Swift, \$300,000; estate of W. H.
Chatfield, \$100,000; Henry Pogue, \$25,-
000; Eugene Zimmerman, \$25,000. Of
the other directors, E. L. Harper is in-
solvent, Hopkins and Baldwin are dead,
and nothing can be realized from their
estates. Gahr and Matthews were
merely figureheads.

Robinson, Harry Smith, J. R. Postale-
wait, of the main line, and Billy
Whedon and Thomas Harrold, of the
Cambridge and Madison branches re-
spectively. The cause of the proposed
removals is said to be due to the policy
of the Pennsylvania company to fire its
conductors every five years. Their
places will be supplied by freight con-
ductors.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, APRIL 16, 1890.

A reform ballot system has given the Democrats Rhode Island. Why not try the Australian election law in some more of the Republican States?

AND now the people of Winchester want more of that surplus, and are going to ask Congress to vote them \$100,000 for a public building. Do they want the earth?

JUDGE WHITTAKER will likely have a walkover for delegate to the Constitutional convention. In response to the many calls from different parts of the county, he is now a candidate for this position. The Judge has many warm admirers throughout Mason, who will be glad to see him get this honor.

IN most States Republicans have been fighting shy of the Australian ballot system. The result of recent elections will stimulate such members of the g. o. p. to renewed work against an election law that is turning over cities and States to Democratic control. But the demand for a reform ballot law is too strong.

COMMENTING on the late meeting of the Republican State Committee at Louisville and its failure to select a successor to Colonel Goodloe on the National Committee, the Somerset Republican says: "The Republican politicians of Kentucky are the blindest set of fools in ten States. Two years ago Denny was glad to get pulled through as a delegate to Chicago on Bradley's coat-tail, and now he has got the gall to antagonize our Republican leader, and is attempting to show him that he does not carry the Republican party of Kentucky any longer in his pocket." Evidently, all is not peace and harmony in the ranks of the g. o. p. of Kentucky.

"In the municipal election held at Butte, Montana, Monday, the Democrats elected the Mayor and six out of seven Aldermen by decisive majorities. The only Republican elected on the entire ticket was the Alderman in the Second ward, and he had only three majority. The city is the closest, politically, in Montana. The right or wrong of throwing out Tunnel precinct by a canvassing board last fall was the argument used in the municipal campaign."

The result of the election at Butte shows how the people of Montana regard the outrageous attempt of the Republicans to steal the U. S. Senatorships of that State. This attempted steal is one of the most disreputable things connected with the Harrison administration. The New York Star has asserted, time and again, that the President and his son Russell manipulated and maneuvered to help perpetrate this outrage.

It was by the throwing out of such precincts as Tunnel and Silver Bow last fall that the Republicans got control of the Legislature of the State, and it is upon such disgraceful doings that there are now two Republicans at Washington City claiming to be the Senators-elect from this new State.

Crushed Under a Car.

GREENSBURG, Pa., April 16.—William Moore and Scott Johnston, of near Latrobe, were, it is thought, fatally injured last evening in the stone quarries on the Ligonier railroad, by being thrown under a loaded car, which passed over them, crushing them in a terrible manner. Both are married, and live near Youngstown.

Natural Gas in Ohio.

CHICAGO, April 16.—Natural gas was struck yesterday while boring for water at Canal and Randolph streets. A match applied to it caused a blaze to shoot up twenty feet high. It burned for an hour when it was quelled. The work of boring will be resumed tomorrow when experts will be present.

Deaths of Wild Parsnips.

HAGERSVILLE, Ont., April 16.—The family of William Nicholson, a farmer, was poisoned on Saturday by eating wild parsnips, which they took to be carrots. One boy aged 10 has died, and a girl of 13 is in a critical condition. The others will recover.

PRICES CURRENT.

Review of the Stock, Money and Cattle Markets for April 15.

Money on call loaned at 4@5 per cent. Currency notes 116 bid; four coupon 122 bid; four-and-a-halves do 103 1/2 bid. The stock market was not so active this morning as during the same hours of yesterday, only 71,750 shares changing hands. Rock Island, Missouri Pacific, Louisville and Nashville, Union Pacific, St. Paul, Consolidated Gas, Peoria, Decatur and Evansville were the most active stocks on the list, and nearly the entire morning's trading was made up of transactions in them alone. The 1st prices were firm and fractionally above those of last evening, but the improvement was not maintained during the hour to 11 o'clock. Consolidated Gas was an exception to the general list, and advanced 1 per cent. to 97 1/2. In the hour to noon the market strengthened, and, led by St. Paul, Rock Island and Peoria, Decatur and Evansville, prices advanced to the best figures of the morning. At noon the improvement ranged from 1/2 to 1 1/2 per cent., the latter in the last-named stock.

 tion the House to place him on the list.

 ing and horse brushes.

MISS ADA PAUL, of Millersburg, died a

 will regret to learn the news of her death.

MISS JENNIE REEDER, of Ellsberry, O.,
 died last night after a lingering illness
 from consumption, and will be interred

 daughter of Jack Lawwill, Esq., a prom-
 inent citizen of Ellsberry.

WHEN the south-bound K. C. train
 reached Carlisle Monday afternoon bag-
 gage master Joe Taylor and express mes-
 senger Thos. Tiley were missing. The
 coaches were side-tracked and the engine
 sent back to see what had become of
 them. It was not long before they were
 found. It turned out that they had been
 indulging in a playful scuffle when the
 train entered the tunnel just north of Car-
 lisle, and in the darkness Tiley fell out
 of the car door and pulled Taylor with
 him. Tiley was unhurt, and Taylor es-
 caped with a few cuts on his head.

The Circus.

French's circus will be here next Mon-
 day. The Chattanooga Times says: "Each
 department was so very complete in its
 vastness that the marvel is how so much
 can be gotten together and exhibited for
 so little money. The trick elephant and
 trick ponies are each worth more to see
 than the price to the wholesaler. Every
 feature is of the best. The whole outfit
 are nice people to do business with, and
 our only regret is that we can't reason-
 ably expect to exchange compliments
 oftener than once a year. French & Co.'s
 shows have left a good impression, and
 will be heartily welcomed whenever they
 choose to come and see us again."

Mr. Benson's Lecture.

Luther Benson, the noted temperance
 orator, was greeted last evening by an
 audience that nearly filled the Christian
 Church. He talked for an hour and a
 half in an entertaining and instructive
 manner. He is a fluent speaker, and
 portrays in an earnest, zealous manner
 the terrible effects of the liquor effects of
 habit on those who once become its
 slaves.

He will lecture to-night at the court
 house. Doors open at 7 o'clock; lecture
 begins at 7:45 o'clock. Admission, only
 10 cents.

Mr. Benson is the author of "Fifteen
 Years in Hell," and parties wishing a
 copy of the book can obtain it from him.

MINER'S SHOE STORE!

A Newspaper Writer's Prerogatives.

Bitter Bulletin: The recent assassination
 of W. P. Taulbee by a newspaper correspond-
 ent in Washington City naturally leads to
 some reflections as to the limits which may
 be prescribed as to a correspondent's prerog-
 atives. That the public acts of a public indi-
 vidual are always subject to a fair and an
 honorable criticism, is not to be doubted so
 far as they relate to the public service, and
 that the secrets of his household may be re-
 vealed to the public eye involves a trespass
 upon his private life unwarranted by require-
 ments of the public good. A man in a pub-
 lic life must maintain a dual life—the one
 open at all times to public inspection and
 public judgment; the other as sacred as the
 domestic life of an ordinary citizen.

It has been said that in every house there is
 a closet; and while that closet is a skeleton,
 human pity and human love have alike for-
 borne from penetrating its mysteries. There
 are ties which bind men and men, and men
 and women, and women and women to each
 other which are innocent and potent within
 themselves and free from guilt, which the
 world must never know. The secret in y be
 tender and innocent, or it may be culpable;
 yet the innermost depths of feeling may be
 angrily stirred by an inquisitive probe.

Into this inner life no newspaper corre-
 spondent has a right to intrude himself. The
 public records of a man's life are open to him,
 and of them he has the right to avail him-
 self. The closets of his life are a sealed book
 upon which no newsman may intrude,
 and which no power but the law may venture
 to open.

A public building in which a girl is em-
 ployed is a natural place to find her; and a
 natural place to interview her. A malicious
 spirit could alone misjudge the objects of
 an interview; and the spirit of a devil could
 alone seek to ruin a woman of fair fame by
 dragging her associations into print in such a
 manner as would ruin her fair fame and de-
 grade her to the level of a harlot.

The newspaper correspondent has leveled
 himself in our age to the base level of the
 phantoms of the reign of the stunts, and
 above all the Sims to the reign of Charles
 H. Nothing is sacred—nothing but what it
 may be trespassed upon with impunity. Every
 age has had its prototypes, and from Roger
 Lestrang down to "Gath" there is a con-
 tinued and uninterrupted reign in the race of
 slanders. Men who scruple at nothing, so
 that gain and notoriety may be achieved. The
 man liable to suspicion by perverted state-
 ments, stands on a level with the avowed
 corruptor or the avowed rake. The man
 who would counsel and advice and save, on
 the level with him who would mislead and
 destroy. Nothing is safe from their venal
 eye, and but few newspapers but what will
 publish and give color to their venal and cor-
 rupt statements. They stand at once as the
 judges, the accusers, the sentinels and spies
 of nobler and of better men. Madame
 Roland in vain exclaimed: "Oh, Liberty,
 how many crimes have been committed in
 thy name!" and Burns in vain poetized:
 "Vain in his stay whose hope
 And trust is
 In mortal mercy and truth
 And justice."

But that a man who has wilfully assailed
 female purity in the person of a hitherto un-
 accused and unsuspected woman; and as-
 sailed the generosity of a man of hitherto
 pure life and of unsuspected honor; should
 in turn prove assassin of the only available
 object of his malice, by far exceeds the license
 assumed by Roger Lestrang and the inter-
 vening line of calumniators from Roger
 Lestrang to "Gath." UNUS POPULI.

John Robinson's Big Show Coming.

John Robinson's big circus and menag-
 erie will exhibit here on Wednesday,
 April 30. An exchange says the show
 has been much enlarged the past winter,
 as fully \$200,000 has been expended in the
 addition of new features for the hippo-
 drome, menagerie and circus departments.
 Mr. Gil Robinson, the agent of John
 Robinson, spent the past winter in Europe
 securing novelties for the "old reliable"
 show. John Lowlow, the noted clown,
 whom everybody knows and delights in,
 is still with Robinson. So is Miss Josie
 De Mott, the famous lady bareback rider,
 who, as the star of Barnum's show,
 created such a furor in London. The
 lady is pronounced the most daring eque-
 streinne that has ever been seen before the
 public. Cheap excursion rates have been
 arranged on railroads and steamboats.
